

The 27th International Display Workshops

FEATURES

IDW '20 will integrate thirteen workshops in specialized fields playing important roles in information display technologies. Each technical session will consist of oral presentations or poster presentations. I-DEMO will be held in a large space for live demonstrations that will be available for presenters. Detailed and fruitful discussions on each specialized R&D update will be provided. The workshops should be of interest not only to researchers and engineers, but also to those who manage companies and institutions in the display community.
