

IDW '22

December 14-16, 2022
Fukuoka International Congress Center
Fukuoka, Japan

The 29th International Display Workshops

Photographs provided by Fukuoka City

FEATURES

IDW consists of workshops technically categorized into specialized domains playing important roles in the information display technology and its application. Each workshop organizes its own sessions, which consist of oral presentations by invited/contributing speakers and poster presentations. The conference will be held in an On-site and On-demand format. Presenters and attendees can discuss On-site or communicate On-demand video/audio. The workshops should be of interest not only to researchers and engineers but also to those who manage companies and institutions in the information display community. Please enjoy this special opportunity like a display festival!

The proceedings of IDW '22 and recorded session videos will be available both during and after the conference until late January 2023. In addition, a few months after the conference, the proceedings will be provided as an online open-access archive and each paper will be given a unique DOI (Digital Object Identifier).

SCOPE

- 3D / Hyper-Realistic Displays
- Active-Matrix Displays
- Display Electronic Systems
- Emissive Technologies
- e-Paper
- Flexible Electronics
- Human Factor
- Interactive Technologies
- Liquid Crystal Science and Technologies
- Manufacturing, Process and Equipment
- Materials and Components
- MEMS
- OLED Displays and Organic Devices
- Oxide-Semiconductor TFT
- Projection and Large Area Displays
- User Experience and Cognitive Engineering

SPECIAL TOPICS

- AI and Smart Society
- AR/VR and Hyper Reality
- Automotive Displays
- Micro/Mini LEDs
- Quantum Dot Technologies

TOPICAL SESSIONS

- DX and Sensing
- Metaverse

IDW Best Paper Award and IDW Outstanding Poster Paper Award

The awards committee of IDW will select the most outstanding papers from those presented at IDW '22. The winners will be announced on the IDW website and awarded a plaque after the conference.

Extended Paper for Journals

Some papers will be recommended for submission as extended papers to the Special Section of the Journal of the ITE, the Journal of the SID, and the IEICE Transactions on Electronics.

Record of IDW '21

Date : Dec. 1-3, 2021
Site : Virtual Conference
Number of Participants : 736
from 16 countries and regions
Number of Papers : 308

Deadlines & Key Dates

Technical Summary Submission	June 27
Acceptance Notification	Aug. 1
Camera-Ready Manuscript Submission	Oct. 5
Late-News Paper Submission	Sept. 27
